WORLD TOUR

The COURAGE WORLD TOUR launched in North America in September 2019 in Québec City and completed 52 sold-out shows before going on hiatus due to COVID-19 in March 2020. The tour is produced by Concerts West/AEG Presents.

“My thoughts and prayers go out to all those who have lost loved ones and suffered so much during this devastating coronavirus pandemic. I know that everyone is struggling to adapt to these challenging circumstances, not knowing when things will return to normal. Eventually, we’ll get through this... hopefully, sooner rather than later. In the meantime, I have so much admiration for the healthcare professionals, first responders, and all the courageous people who are doing everything possible to care and provide for us during these most difficult times. I look forward to the days when we can once again share the joys of singing and dancing together. For the time being, health and safety is the top priority for everyone... but I can’t wait to get back on stage and be with all of you again” , said Céline.
