ELTON JOHN

PARIS – ACCOR ARENA

POSTPONEMENT OF THE 3 CONCERTS SCHEDULED FOR 2021.

NEW SESSIONS ON JUNE 25, 27 & 28, 2023.

It is with regret that we announce the postponements of three ELTON JOHN concerts scheduled for October 10, 12 & 13, 2021 at the Accor Arena in Paris.

Here is a message from Elton John:

At the end of my summer vacation, I had an unfortunate fall and have suffered from considerable pain and discomfort in my hip ever since. Despite intensive rehabilitation and specialized treatment, the pain kept getting worse and it was more and more difficult for me to move around. I was advised to have the operation as soon as possible in order to regain my top form and to ensure that there were no long-term complications. I will begin intensive rehabilitation which will allow me to fully recover and regain full mobility without pain.

I will be attending the Global Citizen event in Paris on September 25, 2021 because I don't want to let down a charity. It's only five songs, but it's a very different physical job than playing for almost three hours every night on tour and traveling overnight from country to country. After that, I will undergo the surgery that will allow me to resume touring in January 2022 in New Orleans.

I know how patient my amazing fans have been since Covid caused the tour to stop last year, and it breaks my heart to keep you waiting any longer. I completely feel your frustration after the year we have been through. I promise you this: the shows will resume next year and I'll make sure the wait is worth the effort.

With all my love,

-Elton John-
